SOUND STAGE

Moffett Production's stage is the premier sound stage of the Greater Houston Area. It consists of a 3-wall, U-shaped cyc system with a front working area. The cyc can be painted any color or used to house a set. The sound stage light grid has 800 amps of power along with 4 dmx controlled dimmer strips, pre hung dimmable cyc lights and china ball fixtures. In addition, it is equipped with 10 tons of air conditioning, double insulated walls and ceilings, and roof treatment to guarantee a clean audio recording environment no matter what is happening outside. Our stage is perfect for interviews, commercials, photo shoots, and more. It's even big enough to put a car in it! Every stage rental comes with access to our common areas for you and your client. Our place is your place when you rent studio space at Moffett Productions

ALL RENTALS INCLUDE ACCESS & USE OF THE FOLLOWING AREAS

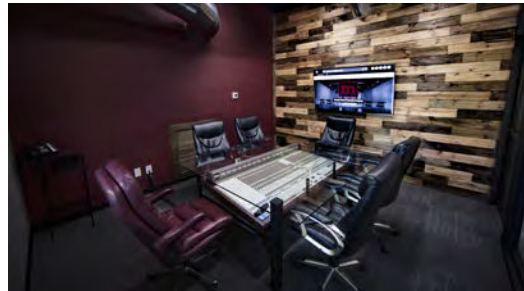

COMMUNITY WORK AREA AND LOUNGE

The community work area and lounge are the perfect place for you and your clients to hang out during your shoot. It features a long high-top table with 8 stools, a lounge area with seating for 6, and a full kitchen and island with 3 stools. This area is connected to the stage, so you're only a couple of steps from all the action. There is great access to local restaurants from our location, so it also makes the perfect space to setup craft services and catering.

MAKEUP

The makeup room is accessed through the stage. It features a full-length mirror, sink, shelving, and clothes rack. It creates an isolated area for the makeup artist to work their magic and be close to the set. It's nice and bright!

PRODUCTION OFFICE

The production office is connected to the work area and lounge. If you need an area with a little more privacy or a space to setup shop, it's the perfect spot. It also has a really cool table made from the original mixing board Moffett Productions used for 20 years!

RENTAL RATE SHEET

Full Day	600
Half Day	400
Hourly	80

Full Day with China Balls & Cyc Package*	850
Half Day with China Balls & Cyc Package*	550
Hourly with China Balls & Cyc Package*	100

NEED SOMETHING SPECIFIC? SAVE 20%

All stage rentals at Moffett Productions can receive a 20% discount from Texcam. We can even have the gear waiting for you when you show up to shoot. Just mention "Moffett" when you order with Texcam.

FAQ

HOW BIG IS YOUR STAGE?

It's a 60x40 building, about 2400 sqft. The cyc wall is 22x40x33. The rest is working space.

HOW TALL ARE YOUR CEILINGS?

A bit over 14ft to the grid and 15ft to the drop ceiling.

IS YOUR STAGE SOUNDPROOF?

We say our stage is sound controlled. It is shielded from outside noise, protected from rain noise, and overall a great place to record audio. We have never had any trouble recording audio on any project in this room. That being said, if an ambulance drives by with the sirens on (this never happens) you will hear it.

DO YOU RENT BY THE HOUR?

We do rent by the hour, but there is a 4 hour minimum. Our stage is a space that transforms into your needs. It is flexible and customizable. To accommodate each of our guests, it requires the work of our team to ready the stage for your rental, therefore we do not rent for less than 4 hours.

DO YOU HAVE WIFI?

Yes we do!

IS THERE DEDICATED INTERNET?

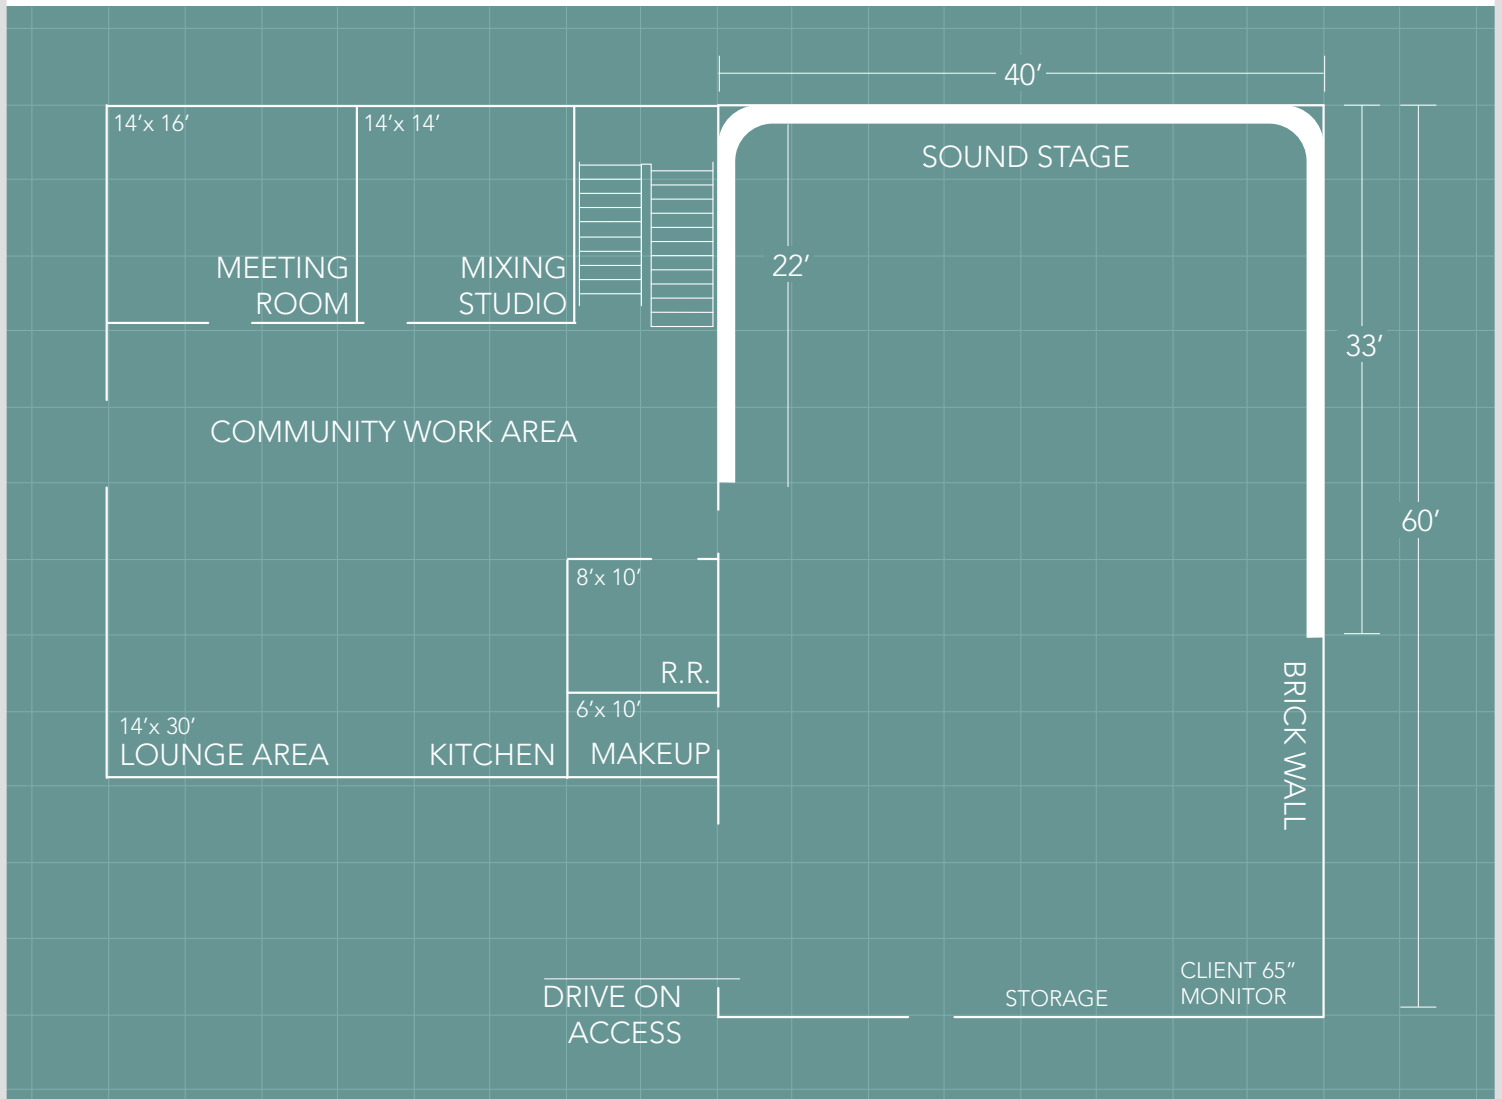

Our stage is internet ready and we can provide dedicated internet lines if your project requires it. There is a fee for this service. If you do not require a dedicated line you can tap into the office internet for free.

ARE THERE HOTELS AND SHOPS NEAR BY?

Yes! We are in a blossoming suburb of Houston. There are tons of restaurants, home improvement stores, big box stores and more are all within in a mile or two.

ACCESS BLUEPRINTS

All rentals include access & use of the following areas: Sound Stage, Drive On Access, Storage, Production Office, Community Work Area, Lounge Area, and Kitchen.
